### BALANCING TREATMENT - Clear and shine-free care for oily skin PROTOCOL

bleu & marine's oil-control marine therapy has been specifically developed for youthful to mature skin types to reduce the signs of excess sebum secretion.

The formulation used contains a nutritious blend of minerals, vital for skin cell health and vitality, and herbs and essences selected for anti-bacterial and skin toning qualities.

The target is to control oil, hydrate, minimize pores and improve the blemishes.

#### **Oily Prone skin:**

Skin has excess oil produced by hyperactive oil glands. Pores are usually enlarged and the skin contains blackheads and blemishes. The skin is usually on the dry side due to frequent washing.

Main Ingredients: Fucus vesiculosus Algae, willow extract Propolis cera, Ivy, Watercress, Rucula - rocket, Laminaria Algae, Lavender essential oil, Rosemary Essential Oil, Lemon Essential Oil, Menthol, Zinc, White Clay.

#### product by product overview

|  |                 |  |
|--|-----------------|--|
| Blemished & Oily Skin Astringent Toner                                   | 1T02P<br>500ml  | Hydrates just-cleansed skin<br>Rebalances and nourishes<br>Prepares skin for moisturizer<br>Key Ingredients<br>Strengthening and balancing plant extracts , purifying, toning, invigorating<br>hamamelis   |
| Marine Limons & Essential Oils Oily Skin Scrub                           | 1P02P<br>200 ml | Mild and delicate, with marine micro particles to exfoliate the face gently, it eliminates impurities and dead skin cells.   |
| Oily & Blemished Skin Deep Cleansing Gel with essential oils             | 1G02P<br>500 ml | Contains condensed proteins, washing agents of vegetable origin, plant extracts and natural essential oils with notorious disinfecting properties. It leaves skin thoroughly cleansed, impurity-free, clear and perfectly prepared for the application of bleu & marine treatment  |
| Soothing & Purifying Skin Lavender Honey                                 | 4G51P<br>200 ML | A high quality honey to apply like a mask or for long lasting massages. When water is sprayed on it, this amazing and changing texture, designed from sugar compounds and lavender essential oil, turns into a nourishing milk. At the end of the massage, the skin is very easy to rinse, deeply moisturised.   |
| Mud & Essential Oils – Blemished & Oily Skin Balancing Mask<br>(wash-up) | 1M02P<br>200 ml | A purifying and clarifying mask formulated with white clay and selected marine ingredients. The Mud & Essential Oils – Blemished & Oily Skin Balancing Mask absorbs excess sebum, purifies the epidermis and brightens the complexion. Particularly recommended for the care of oily, problem skin, it is also a choice product for young, sallow complexions. Contains Lithothamnium algae and white clay, propolis, a vegetable complex and essential oils with antiseptic properties. |
| Oily Skin Purifying peel-off Mask<br>(powder)                            | 1K42<br>400 ml  | It rebalances the skin by removing the impurities and excess sebum. The complexion is lightened. Marine mud absorbs impurities and sebum excess. It contains trace elements, like zinc and sulphur, which helps regulate excess sebaceous secretions. Nairoli essential oil, or bitter orange, is known for its antiseptic, antibacterial and cicatrising properties.  |
| Balancing Combination & Oily Skin Serum (ionisable)                      | 1S03P<br>80 ml  | Soothes, protects and feeds the skin while aiding in the decrease of oil production by the skin's sebaceous glands. This very light complex contains essential oils notorious for their sebum regulating action.   |
| T-Zone & Oily Skin Mattifying Gel  | 1G03P<br>200 ml | Mattifying, sebo-regulating moisturising treatment for a healthier-looking mattified complexion. Prevents and corrects shine in oily skins. Its formula is rich in sebo-regulating agents and is reinforced by special sebum captors, so guaranteeing a true anti-shine effect.  |
| Corrective & Moisturizing Oily Skin Cream                                | 1C12P<br>200 ml | Moisturizes oily skins. Its formula is rich in sebo-regulating agents and is reinforced by special sebum captors, guaranteeing true oil control. Recommended for oily to combination skin and skin irritated by acne.  |
